

Rooted in Hope & Freedom

In 1891, a small group of Grand Rapids women recognized the need for medical care for patients of limited financial means. They embarked on a fundraising campaign to secure the use of a “free” bed in a local hospital. Their compassion and care sparked a long and compelling story of rehabilitation and the strength of the human spirit. Today, 120 Mary Free Bed Guild and Junior Guild women continue serving people with disabilities.

We are a not-for-profit, community-owned rehabilitation hospital rooted in the belief that people should have the opportunity to physically function to the best of their ability. Network-wide, we serve 50,000+ children and adults each year, both as inpatients and outpatients.

Our successes are countless. Mary Free Bed leads the nation in helping children make more and more significant gains during their time with us. And we’re top of the nation for patient satisfaction, according to national surveys of rehabilitation hospitals.

The information provided in this brochure is a high level road map of the planned giving process. With thoughtful planning, you can achieve many planned giving goals while continuing to benefit Mary Free Bed and your own financial situation.
